

TERRI L. MUSSER, AICP

Charlier Associates, Inc.

SUMMARY

Ms. Musser is a Senior Transportation Planner with 20 years experience specializing in multimodal transportation, bicycle, pedestrian, sustainability and active living projects. Ms. Musser works with clients, stakeholders and citizens to plan and design both large components and the small details of streets and non-motorized circulation networks within neighborhoods, corridors and cities.

She focuses on New Urbanist approaches to linking land use and transportation, developing interconnected bicycle systems, and creating quality pedestrian environments that improve personal mobility while enhancing the value of a community. She understands context-sensitive planning and design components from a variety of perspectives including running her own bicycle/pedestrian planning firm for nine years, engaging in advocacy work, serving for eight years on the Planning and Zoning Commission for Longmont, CO, and managing many of Charlier Associates' public involvement processes.
